General Report Comments: Upon arrival, I was met and granted access by Samantha, the owners wife.

I observed the same 2 dogs previously seen by FO Mathabela.

I indicated to Samatha that it appears as if nothing was done since the first NTC. She advised that her husband is currently in Vredenburg to buy collars and other materials to extend the chains . She advised that they will be done by friday.

Dog 1: Xbreed, Female, adult, brown/black chained infron of the property, 4m light chain, no collar, has kennel and water.

Dog 2: Pitbull, male, adult, Brown/White, "Benji", chained at the back with a heavy chain, 5m long, no collar, has kennel and water.

I issued a warning (W4628) stating:

1. Place both dogs on either runners or extended chains.
2. Provide both dogs with suitbale collars, hosepipe or washing maching pipe can also be used.

7 days was given to comply.
