General Report Comments: Patrick took me to back where I observed 1x adult Rottweiler female loose on the property. Patrick had to put Patsy the dog behind the gate because she is very aggressive. Patrick showed me the wound on the dogs neck and told me that someone in the street stabbed Patsy because she came out of the yard and attacked the person who stabbed her dog. Except for the wound on her neck Patsy is doing fine and is not busy dying. Patrick showed me some ointment that he has bought to put on the wound. I told Patrick that if he wants to lay charges of animal abuse he needs to take Patsy to a vet so that a vet report can be issued which will help him to lay charges. I also told him that the wound can get septic that's why he must take Patsy to the vet. Patrick said that he will take Patsy to the vet. Will follow up.
