General Report Comments: Henrico informed me that the skin condition is getting better as there is new hair that is growing. He informed me that the best person to talk to was his wife Debbie. I went to Debbie's place of work and she informed me that she wants to buy more Simparica for the other dogs but the vet in Malmesbury has run out of stock so she gave me the money and I bought three tablets for her at the Village vet. I showed inspector October the pictures which I took and he confirmed that there is a big change on the dogs body condition from the previous inspection . I will recheck in two weeks
