General Report Comments: Upon arrival, I was met by Anetta. I asked Anetta if the sog was taken for veterinary assesement, she advised that they have an appointment for Wednesday at St Helena Animal Clinic as her son has the day off.

I physically examined the dog and the dog's condition has not deteriorated. The dog does not react to pressure, there is also no heat or swelling on the leg. The dog puts pressure on the leg, even digged a hole in the sand while I was speaking with Anetta.

I will grant them time till wednesday, and follow up on Thursday.
