General Report Comments: Upon arrival, I was met by Magdalena, the property owner and the girlfriend of the 2x dogs owner.

Magdalena advised that her boyfriend, Martin v Wyk, sustained a back injury at work and has been in hospital since Friday. She did inform him about the warning, however he is not in a position to take the dog for treatment now. Magdalena advised that they are doing a scan of his back today and he will likely be discharged this afternoon.

I advised that I am concerned for the dog's wellbeing and Magdalena advised that she will speak with Martin today and asked If I can call her tomorrow morning as she will try to convince him to surrender the dog.

I also saw the old dog was struggling to walk this morning, likely due to old age, Magdalena advised that she will surrender the dog for PTS Req, she will just speak with her son, as the dog actually belongs to him, and when I call her tomorrow morning she will let me know when I can come to collect the dog.

I will call tomorrow morning: 0782519121

I still issued Martin with a final written warning stating:

1. Provide the dog with veterinary treatment, if this cant be done, surrender the dog.
