General Report Comments: Upon arrival, I was met and granted access by Rene, the owner.

I saw the dog Zeus, who has definitely gained weight since I last saw him. She has moved him over to Complete dog pellets. His coat was also shiny and not dry.

Since Zeus is to big for her to handle on her own, and load into her car, she took pictures of Zeus legs and went to Langebaan Animal Clinic where the Vet there advised that he is notnof the opinion that the dog had a chronic skin condition, and it is merely due to him not being active a lays alot, as the areas where there is little is is the position of him laying. The vet gave some Zinc tablets and oil that is given with his food daily. This was confirmed when I called Langebaan Animal Clinic.

Since Zeus is on Complete he is apparently more active, which will also help with regrowth of the hair. Zeus was active during my inspection as well and wanted to play with me today.

His condition has not deteriorated in the last month.

I will conduct a final check in another months time, to ensure his condition does not deteriorate
