General Report Comments: I did a door to door at the property and I saw 1 dog on a running chain sleeping on the ground and I observed that the was no shelter and I stopped by to speak to the owner of the dog. Mr Phillips welcomed me to the property and I explain to him why is important that the dog aslo must have a shelter because is cold at night and if there's no way to hide for the cold the dog is going to get sick.
He immediately called his son to put back the shelter while I was there they started fixing the shelter will recheck after 7 days because he said they will move the dog to the back yard.
