General Report Comments: The dog is on a running chain without a collar. There is no swivel available and it causes the chain to entangle. Water observed. There is a dog kennel available but the roof is off and lying on the ground. The dog's body condition is fair and acceptable. The living environment is clean. Angela informed me that she wants to sterilize the dog but can't afford a private vet. I asked her if she can afford to pay R600 so that the dog can be sterilized and she promised to speak to her husband first. I issued a Notice to comply advising Marko to provide a collar, swivel and to provide adequate shelter for the dog. I will recheck
