General Report Comments: Upon arrival, I was met and granted access to the property by the Domestic Worker, Letitia.

Letitia advised that no kennel has been delivered yet and that she does not know what the plan of action is.

She took me to the back of the house where I observed the same sheltered structure, as what Trainee Insp Mathabela observed. The structure is not adequate as it is not elevated from the ground and the sides are open.

I issued a warning (W4634) stating:

1. Provide the dog with adequate protection or shelter against all the weather elements within 5 days.
