General Report Comments: Elmene was at home and informed me that she has decided to let the dog run freely despite the fact that the dog always jumps out of the property. The dog is now running loose inside the property but the chain is still there.I asked Elmene to give me the chain to make sure that she is not going to tie the dog but she told me that she wants to use it. The dog's body condition is fair and acceptable. I will do another recheck
