General Report Comments: I saw 1x tan pitbull male on a running chain. I went closer to see if the dog has a collar and saw that the pitbull male has cancer growth on his testicle. I asked the owner Selma if the dog has been treated for the cancer because I can see that the dog is in pain and she said no they don't have money for a vet. While issuing warning W5610, Selma decided its best to surrender Tyson the pitbull. Refer to admission D8306. No other dogs on the property. Nfa until further notice.
