General Report Comments: I saw 1x brown pitbull female on a +-8 long static chain without a collar. Water and shelter is available. Body condition is acceptable. Christell Faroa the owner came out and I asked her why the dog does not have a collar because the dog can hurt her neck with the bare chain. Christell told me that Liela keeps on breaking her collars. I explained to Christell that they can put the chain through a hose pipe. Christell says that she will speak to her husband. I issued a warning W5608 to provide the dog with a collar. Will follow up.
