General Report Comments: I saw 2x terrier x dogs on the property. The brown dog is on a static chain with a collar because he can jump over the fence. The black terrier x is loose on the property. The brown terrier x has mange and the black dog is starting to also get mange. I told Elliott that the petshop in town has a selection of products for dogs with skin problems. Elliott told me that he will go and buy some treatment for the skin condition. Water and shelter is available and both dogs body conditions is acceptable. I issued a warning to provide dogs with treatment for the mange. Will follow up.
