General Report Comments: Denise didn't comply with the warning which was issued by Inspector October. She informed me that she is not working and does not have money. I advised her that she does have an option to surrender the dog as the SPCA was going to take the legal route which is to confiscate the dog and open a case against her. She then informed me to take the dog and she refused to load the dog into the SPCA bakkie. I proceeded to load the dog into the bakkie and she signed the admission form. There is no animals left on the property
