General Report Comments: Upon arrival I was met by Busisiwe Kayo who is the owner of the dogs daughter. Busisiwe said that she can let me in but the boerboel male called Spike is a bit vicious towards strangers. All 3x dogs came running to the fence. From there I could observe them close up. The 3x dogs body conditions is acceptable. While seeing them here next to the fence I asked Busisiwe to run her fingers against the dogs fur so that I could see if they have any ticks or fleas,none was observed. The property is fenced right around so I could clearly see I the property. Busisiwe showed me where the dogs sleep and where their water and food bowls are. No welfare concerns was observed during my inspection. Nfa until further notice.
