General Report Comments: Maggi Maarman let me onto the property. We went to the back where I observed a brown pitbull female called Angel with injuries to her back. Maggi told me that the dog was hit with a panga on Friday and that they have been to the vet today but don't have the money right now for the dog to be operated. The vet prescribed pain medication for the dog while Maggi can make a plan to get the money so that the dog can be operated. I told Maggi that she can't wait for the parents of the children who hit Angel to get the money, she is the owner and it is the owners responsibility to make sure that the dog receives veterinary treatment. I also told Maggi that if Angel don't get to the vet within 24 hours she will die and they will be held accountable. I issued a 24 hour warning. Will follow up.
