General Report Comments: I was met by Clairise Titus who is the wife of the owner of the dogs. I asked Clairise if her husband has taken the female dog with the injury to the vet like he has promised to do and she said no he didn't. I called Mr. Titus and asked him why the dog was taken to the vet because you can clearly see the paw is broken because the dog does not want to put weight on it and the paw is hanging in the air. Mr. Titus had a lot of excuses like it was raining and he does not have transportation. I told Mr. Titus that I have given him enough time to take the dog to the vet and I cannot prolong this dogs suffering. I persuaded Mr. Titus to surrender the dog. Refer to admission D8329. The male German shepherd is in acceptable condition. Water and shelter is available. Nfa until further notice.
