General Report Comments: Upon arrival there was no people at home. I observed 1x black female pitbull on a 3 meter long chain. The dog appears to have a skin problem and is a bit underweight. There is also no shelter observed for the dog. Water was observed. I went around the house and saw another dog on the property. 1x black pitbull male which appears to be in acceptable condition. Water and shelter was observed, the male pitbull is also on a chain but it's longer then the female pitbulls chain. Body condition is also acceptable. I issued a warning to provide the black female pitbull with treatment for the skin condition, put her on a running chain,provide her with shelter and also to provide her with adequate food on a daily basis. Will recheck within 7x days.
