General Report Comments: Shifaa was standing under the carpot upon arrival. I asked Shifaa if her parents has received the warning that I have left a week before because the dog still does not have e shelter. Shifaa told me that the neighbors never gave the warning to them otherwise they would have known. I could see that the chain is longer and that it was tangled on my first visit. I asked Shifaa if the dogs have food available and she told me yes. She showed me a bag of Complete Adult dog food. I explained to Shifaa the welfare issues that I have with the female pitbull that is in front and issued another warning to address the concerns I have. I will do a recheck within 4 days.
