General Report Comments: While driving in Dassie Street,White City,Saldanha I saw this black terrier x male jumping over the wall. I could clearly see that the dog had some sort of skin problem on his back. It was raining and there was no one in the street that I could ask who the dog belongs too. I then assumed that the dog belongs to the house he jumped from. The property is fully enclosed and the gate was locked,so I could not enter the property to see if the dog has shelter,water or food available. Because the dog came from this property I proceeded to issue a warning to get treatment for the dogs skin condition. I did not see the dog again because he ran around the corner to the next street. Will follow up.
