General Report Comments: Leonard Bester gave me access to the property. I saw 1 x brown and white pitbull male called Tyson loose on the property and 1x brown and pitbull x male Kaptein on a running chain. Leonard told me that Kaptein is on a running chain because he is aggressive towards people. I told Leonard that we have received a complaint about dogs that is underweight and about a dog that is limping with a injury. Leonard told me that Tyson was attacked by another dog and was limping and had a injury to his head but he is not limping anymore and the bite mark to the head has healed. I saw Tyson and he was not limping and I could see that he had a wound on his head that has healed. Kaptein is on a running chain with a collar and is in acceptable condition. Leonard then took me to the camp where his brothers 2x pitbull puppies are being kept. I saw 2x white and brown pitbull puppies loose inside the camp. Living atea was clean and both puppies body condition is acceptable. I did not see a underweight dog on this property. Pictures attached. The living area of the 2x adult dogs is also clean. No welfare concerns was observed. Nfa until further notice.
