General Report Comments: I saw 1x black terrier x female loose on the property. Upon closer inspection I saw that the dog had some open wounds on her ears. Riley came out and told me that the dog belongs to his younger brother who is still in school. I asked Riley if they are treating the wounds on the dogs ears and he said no because they don't have money to take the dog to the vet or to get something at the vet. I asked Riley if he don't want to surrender the dog and he told me that it's not his dog. I then proceeded to issue a warning for veterinary treatment and explained to Riley that his parents will get into trouble because it's their property. Riley then decided to surrender the dog called Tessa. Refer to admission D8327. No other animals on the property. Nfa until further notice.
