General Report Comments: I was granted access by Mr. Khan who is the owner of the property. I told Mr. Khan that I am here because the Spca received a complaint regarding the welfare of parrots that's being kept on this property. Mr. Khan took me to the garage where I observed three bird enclosures. Each enclosure has 2x African grey parrots in it. The enclosures are clean and fresh water and food is available. I asked Mr. Khan if he is breeding with the birds and he told me that he use to breed when he was still living in Cape Town. The birds are in acceptable conditions. The garage door is open during the day so that there is enough sunlight and air for the birds. No welfare concerns was observed. Nfa until further notice.
