General Report Comments: I was met by the owner Charl Hopley. Charl asked his workers to chase the donkeys into the enclosure. We went down to the enclosure where I observed 1x brown Stallion donkey, 2x Grey mares and 1x grey foal. The one grey mares hooves are overgrown. While taking pictures of the donkeys Charl called someone who might know a ferrier to come and trim the donkeys hooves. I told Charl that he can also call Dr. Rust at Vredenburg animal hospital because Dr. Rust also knows a lot of people that might know a ferrier in the area. I told Charl that the hooves must be trimmed and that I will come and do a recheck on Friday. Will follow up.
