General Report Comments: I was met by the owner Hanre Marais on my arrival. Hanre told me that he was expecting the Spca because someone took pictures of his dog because she is chained to a tire. Hanre took me to the back where I observed a black and white female pitbull on a +-4 long chain, chained to a tire. Hanre told me that Zoe can jump over a 2 meter high wall that's why she is chained to the tire so that she can't jump over the wall. The tire is also not that heavy and Zoe can easily move around d with the tire. Water,food and shelter is available. Body condition is acceptable. I suggested that Hanre must install a running chain because running around with a tire can't be the end solution, Hanre agreed. I will do a follow up inspection within 2 weeks.
