General Report Comments: Upon arrival, none of the owners appeared to be home. A lady approached me and advised that all the men are at work, they are normally home during lunch time.

I did a walk through and observed all the owners has placed their dogs on runners. Each runner is approximately 5-6meters long with a 2-3m light chain attached. The dogs had access to shelter which provides adequate protection against the weather elements.

Some of the dogs chains did not have swivels and 1 dog still had a chain collar. The lady mentioned that the farm owner has apparently agreed to assist them with swivels and a collar for the one dog, but she is not sure when this will happen and advised that I speak with the owners tomorrow, during lunch time, when they are home.

I will come by tomorrow again to talk with the owners.
