General Report Comments: Upon arrival there was no people at home. I could hear the dog barking but could not see the dog from the gate. I contacted the complainant and she gave me access to her property so that I could see the dog. I saw 1x black and white terrier x on a short chain without a collar. There was water and shelter available for the dog and the body condition is also acceptable. I issued a warning W5058 to put the dog on a running chain and to provide the dog with a collar. Will follow up.
