General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Hennie.

I observed the dog on his runner and the runner working perfectly. The dog had the full 30m length of the runner to run up and down and has a 7m light attaching cable with a leash attached to his collar harness with attaching swivels.

The owner has fully complied with the request and the dogs welfare has evidently been uplifted.

I am closing this case as there are no further APA contraventions .
