General Report Comments: Upon arrival, I saw the 2x dogs free roaming inside the property and no sign of the chains they were last week attached to.

There were 2x young children inside the property playing with the dogs. I asked if their parents was home and they said no. Due to this, I did not feel comfortable entering the property and conducted my inspection from outside the property.

Both dogs are in good condition, has access to adequate protection against the weather elements, has water, a clean living area.

I advised the children that they must keep the dogs free roaming, or have them on the runners, as runners are installed.

I will do a routine check next week to ensure continuous compliance.
