General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I observed the dog still chained as yesterday. Magdalena advised that he son has not returned yet and asked I could would be able to assist her. I agreed, however can only assist her next week when I have sufficient time.

She was happy.

I will return next week and help her setup a runner, or move the dog to another side. Will see which way works best for the dog.
