General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Magdalena.

Magdalena could not find a wire and could only find strong nylon rope. I assisted her by setting up the rope and installing a runner. Swivels are attached to the collar. The runner is approximately 6m long with an attaching 1.5m light chain, the chain cant be longer as the dog will then roam in the street. The dog has access to his kennel, drinking water and a clean living area.

The owner was grateful for the assistance and the dog was also happier with his more space.

I will do a final check next week to ensure all is still well
