General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I observed 1x Pitbull dog on a 10m runner with and attaching 2m light chain and suitable swivels attached. The dog had a material collar. The dog had access to water and a clean living area. It seems as if the owner took the dustbin lid and tied it to the fence as to try an make a sheltered cover for the dog, which is not adequate as it does not provide adequate protection against the weather elements.

Warning issued:
1. Provide the dog with adequate shelter
