General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I observed the same dog as previously, still on his runner which works well. The owner has obtained a large wooden kennel for the dog which provides adequate protection against the weather elements. The kennel is also facing away from the wind/rain.

The dog is in good condition with no veterinary or health concerns observed.

The owner complied with the warnings issued and there are no further APA contraventions .
