General Report Comments: I saw 2x dogs outside the property in the street. I could clearly see that both dogs has mange. I got out of my vechile and both dogs ran away. Evelyn Jacob's who is the owner came out and I asked her about the condition the 2x dogs are in,she told me that they have been using Regal for itchiness. I told Evelyn that if they have been using this product for quite some time now and there hasn't been any progress then its clearly not working. I told Evelyn that there is a tablet called Sampirica that is cheaper then Nextgaurd and I know it works because I have seen the results. Evelyn agreed that she will get the tablet for both dogs. I issued warning W5086 to get treatment for the dogs with mange within 7 days. Will follow up.
