General Report Comments: Wayne De Klerk the owner granted me access to the property where he then took me to back of the property to see the dog in question. At the back of the property I observed a brown terrier x male lying in his kennel. Wayne called the dog, the dog is very thin. I asked Wayne if they have food for the dog and he said yes they do have food for him but he just don't want to put on some weight. I told Wayne that I think the dog might have tickbite fever and that he should take the dog to the vet. Wayne told me that he does not have money to take the dog to the vet and decided to surrender the dog. Refer to admission D8339. Nfa until further notice.
