General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I saw the dog has been placed inside the enclosure and that the enclosure is done. The enclosure is large, 4m x 5m x 1.8m. The floor is cemented as well. The dog has more space than before and is able to roam freely. The dog has his kennel inside, water and the faeces observed was fresh/new. The dog was also happier.

I am happy to close this case as the owner has uplifted the dog's welfare and the dog is off the chain.

No contraventions of the APA were observed.
