General Report Comments: I was granted access to the property by the owner Elzadia Lewis to check on the welfare conditions of the dog. I saw 1x brindle female boerboel x on a running chain but she did not have a collar around her neck and was chained with the bare chain. Elzadia told me that Silver the female boerboel is on a runner because their property is not fully fenced. I educated Elzadia about a collar and told her if a collar does not work that they can use a piece of hose pipe to put the chain through and then tie the dog and by doing that the hose pipe would prevent the bare chain from shaving the dogs neck. Elzadia understood. Water, food and shelter is available and the dogs body condition is also acceptable. Living area also clean. I issued warning W5078 to provide Silver the female boerboel x with a collar. Will follow up.
