General Report Comments: Upon arrival I saw 2x dogs loose on the property. I hooted a few times and the owner who introduced herself as Cheryl came out. I told Cheryl that the Spca has received a complaint about a dog that's being tied to a wheelbarrow. Cheryl told me that sometimes they do tie the dog to the wheelbarrow when they are not home because the dog can jump over the wall. Cheryl went with me to the stop where the 2x dogs was lying in their kennels. Water and food is available. I told Cheryl that they can't tie the dog to the wheelbarrow without any shelter and that it's not acceptable. Cheryl understood and told me that they will rather put the dog Flaffie on the steep when they go out. No other welfare concerns noted. Will recheck one more time before closing.
