General Report Comments: Upon arrival, I was met by the owner, Laqreece.

I observed the same dog kept in the same condition as last week.

Laqreece advised that they will implement the runner, but they will only be able to do this at the end of the month as they dont have money now.

Laqreece also advised that the dog used to live indoors, but since they had a baby 5months ago they had to move him outdoors as he is very protective over her and growls apparently at the baby.

I granted them till the end of the month to implement a runner.
