General Report Comments: Upon arrival, I was met by the owner of the dog, Bianca.

Bianca was at first very rude claiming she had to borrow money to take the dog to the vet and felt I could give her more time and accused me of just wanting to euthanize the dog. I put her on her place very quickly and she calmed down.

She took the dog to Wesland Animal Hospital yesterday (Report uploaded). According to the vet notes, the dog is underfed(current weight = 29.40kg) and had worms. The dog was treated accordingly and must go back for reassessment after 2 weeks. The vet also advised that the dog's food intake must be increased by 50%. The owner did not fully understand this, and I explained what she has to do regarding increasing the food, she understood.

The owner also claimed that she dipped both dogs yesterday.

I will revisit after 2 weeks, I also advised the owner to obtain a new report from the vet after the follow up check.

The owner complied with the warning issued
