General Report Comments: Upon arrival, I was met by the property owner, Elsie.

The dog belongs to her son.

Elsie showed me the runner that has been installed. The runner is approximately 15m long. They are however not done yet as the swivels must still be installed. The dog had a thick material collar fitted today.

I could not get close to the dog, as this dog is extremely aggressive. The dog had a large wooden kennel which is placed inside a cove behind 2 walls, it is difficult to get a clear picture and I need to be rather close to the dog.

I will follow up next week to see that all has been done.
