General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Xolani.

To my surprise today, the owner has installed a runner. The runner is approximately 4.3m long with an attaching 3m long chain. I assisted the owner with a proper material collar, and a swivel to prevent the chain from twirling.

The dog is now able to move to the far back of the undercover section, which provides adequate protection against the weather elements. The dog also had a 5L water container with clean fresh water inside. The living area is clean.

I will do a final check in 2 weeks time to ensure continued compliance.
