General Report Comments: I saw 1x black terrier x female in the street. The dog appeared to have a skin problem. I asked someone in the street who the dog belongs too and the person directed me to the address where the dog stays,a woman came out and introduced herself as Annelise Kay . I asked Annelise if she is the owner of the dog in the street and she said yes. I asked her if she is treating the dog for the skin problem and she told me that she has dipped the dog once but now she can't find the dog dip that she has bought. Water and shelter is available and the dogs body condition is acceptable . I issued warning W5091 to provide the dog with treatment for the skin problem. Will follow up.
