General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Gerrit.

Gerrit advised that he went to the petshop and bought dewormer for Tina , Milbemax. He gave the deworming tablet on Saturday. He did not have the parcel or receipt to show me and I will have to give him the benefit of the doubt.

Tina is still on her long light chain, with swivels. Has her harness on, has access to clean drinking water, adequate protection against the weather elements.

Gerrit advised that he is feeding 2x day, pellets mixed with house food.

I advised that I will follow up in 2 weeks time, as if he is feeding 2x day and dewormed her that she will definitely gain weight over this period.
