CHECKLISTS

General Report Comments: Upon arrival, I was met and granted access to the property by the owner's wife, Larina.

Larina also confirmed that there are no more animals on the property and allowed me to look around.

I walk around the entire property and did not see or hear any animals, I also did not see any indication of animals (feaces). Larina advised that the puppy they had was kept underneath the canopy at night, I looked there and there was also no indication of current animals.

Case can be closed as there are no more animals on the property.
