General Report Comments: There was no people at home. I saw 2x dogs loose on the property. In the front there is a brown and white male pitbull loose on the property. Body condition is acceptable. Water was also observed. At the back there is a tricolor Sharpei x female,body condition is also acceptable but she is starting to have a skin problem on her back. Water also observed. Both dogs have shelters but it is not adequate because the one kennel does not have a roof and the other one does not have a side. Living area of the dogs is also dirty,dog poop lying around. I issued a warning W5557 to provide both dogs with adequate shelter,clean the living area of the dogs and to provide the Sharpei x female with treatment for the skin problem. Will follow up.
