General Report Comments: MJ Malofi let me onto the property, but first he had to go put the Rottweiler female inside the house because she is very aggressive towards strangers. The Rottweiler is in acceptable condition. MJ then took me to the back where I observed a black and white terrier x female in a big camp. The dog is in the camp because she and the Rottweiler don't get along. The camp is big enough for the one dog and she also got a kennel inside the camp. Water and food observed for both dogs. No welfare concerns were observed. NFA until further notice.
