General Report Comments: The owner of the dogs weren't at home, but a family member came out when I stopped at the house. The dogs still don't have any collars. I asked the family member if the owner has received the warning that I have issued and she said yes and he did provide the dogs with collars but they have broken it. I explained to the family member that they can use a piece of hose pipe, she said that she will explain to the owner and make sure that he does what I ask him to do. Will follow up.
