General Report Comments: Upon arrival I was met by Carmen Filander who is the owner of the house cousin. I told Carmen why I am here and ask her if I can see the dog in question. Carmen went to show me the dog and also told me that her Aunt gave her permission to surrender the dog. I saw 1x black and tan German shepherd female with severe mange. Water and shelter was also available. I asked Carmen why they took so long to seek help for the dog because this is unnecessary suffering. Carmen told me that her aunt was looking for the Spca telephone number so we can come and collect the dog. Lady the German shepherd female was surrendered. Refer to admission D8368. No other animals on the property. Nfa until further notice.
