General Report Comments: The owner of the property Mr. Lionel Traut gave me access to the property. Mr. Tractor told me that the tenants has moved out and has just left the dogs behind and the 1x dog is badly injured and the female dog has puppies. I managed to get the injured dog but the female dog is very scared and protective over her puppies. No food or water is available for these dogs because their owners has just left them to fend for themselves. Refer to admission D8373. I wil see if I can get the female and her puppies as well. Will follow up.
